

*Samuel Little Disciples News...*

We started as visitors, quickly became friends and now we are family! The bonds the Little Disciples have formed with the residents is truly heartwarming! To see the residents' faces light up when we come to visit says it all. They love to hear them sing and talk about what they have been up to since their last visit.

The kids also enjoy the stories they share with them. God has truly blessed both the Little Disciples and the residents!
